

## Air, Rail, & Coach Overview

CM Travel 4FUN seeks to consistently create uniquely memorable and pleasant RAIL & COACH Travel Experiences. SOME DESTINATIONS ARE SIMPLY BEST EXPERIENCED BY RAIL and/or COACH! All clients are encouraged to share via e-mail (with Neal) their own "special" RAIL & COACH Travel Adventures. This allows CM Travel 4FUN to enhance future client's RAIL & COACH travel with your previously discovered "special experiences". At CM Travel 4FUN, we believe that "GREAT TRAVEL IS BEST SHARED"!

If you wish to book RAIL and/or COACH travel...CLICK: "BOOK RAIL & COACH" ...fill in the travel information request... then Neal will be back to you within 24 to 48 hours with travel information.

**AIR TRAVEL:** The greatest challenge for today's travel agent is to provide pleasant & reliable AIR Travel Service for clients. CM Travel 4FUN is connected with the resources of multiple large AIR Consolidators who pre-purchase large numbers of airline seats at deep discounts from airlines world-wide. In addition, CM Travel 4FUN monitors a list of safety, baggage-handling, and customer service issues related to the performance history of most major airlines and major airports. With these extra efforts and our ability to closely define good & bad seat locations on all the planes of nearly all the airlines, CM Travel 4FUN is able to recommend to its clients the most reliable & pleasant AIR Travel their budget will allow... right down to where you sit on the plane!

AIR travel was once the sole experience of brave adventurers. Fifty plus years ago it evolved into a magical way for the masses to travel to far flung places. For several decades this magic grew becoming the cornerstone of the modern worldwide travel industry. However, more recently, AIR Travel has become a minefield of problems, (with both airports and airlines), for many travelers. Little known fact... the safety condition of many airlines has become so bad... that the EU has banned more than 100 airline companies world-wide from landing at airports anywhere in the EU!

Let CM Travel 4FUN become your gateway to better AIR Travel Experiences. For the benefit of our clients, CM Travel 4FUN may not always recommend the least expensive AIR Travel available, simply because CM Travel 4FUN's AIR Travel Planning Criteria demand that:

- First and foremost... that we get you there... reliably, safely, & pleasantly, and then...
- We focus on making your AIR Travel as economical as possible... without negatively affecting our ability to arrange reliable, safe, and pleasant AIR travel for you.

I will be happy to review with you the airlines which I recommend clients avoid, and and those I prefer... and why! ENJOY YOUR FLIGHT! Neal Kellner, your personal Travel Agent.
