

Cruises, Tours, & Packages Overview

DID YOU KNOW:

- For couples and families... Cruise Ships consistently provide at or near the lowest per-person/per-diem cost of all types of travel available? On a Cruise ship nearly everything is provided for one moderate price including:
 - Outstanding food quality, quantity, and variety...
 - Your stateroom including 24 hour room service... all available in a full range of room categories from standard staterooms to 5000 square foot on-ship villas...
 - All basic travel needs while on board...
 - A larger variety of family recreation and entertainment activities than many land packages provide, (including luxurious spa facilities, adult entertainment, children's programs, more)...
 - Concierge services, on-board shopping opportunities, and a ship's library...
 - Live Las Vegas Style entertainment on larger ships...
 - Multiple bars, night clubs, and casinos on-board ship...
 - Numerous add-on tour, shopping, recreation, sports, and adventure packages in each port of call...
 - Special on-board activities, programs, and child-only areas for children of all ages...
 - Wonderful people from all over the world with whom you and your family can safely interact with - and share this wonderful experience...

- For Group travel, cruises are one of the most cohesive shared travel experiences available... providing opportunities for close-knit shared interactions... while providing the opportunity for individualized personal experiences away from the group on a moment's notice. Cruises are wonderful venues for business meetings, family reunions, conferences, and every other imaginable type of group experience.

- For singles, Cruises are an opportunity to meet and share with other singles in a variety of both organized and unorganized on-board and shore activities in a safe, romantic, fun focused environment.

Cruising offers something special for everyone!

Let's learn more about:

CM TRAVEL 4FUN: Cruises, Tours, & Vacation Packages...

Although many cruisers do not associate the idea of combining a ground tour or a ground vacation with a cruise - it is actually a very practical idea! Often travelers have to travel a great distance at considerable expense to a cruise ship departure port. If a traveler plans ahead, they can make best use of the time and expense they expended getting to and from the cruise port - by adding ground tour(s)... or even an extended ground vacation to their cruise trip. Add-on tours or vacations may be either Pre-cruise or Post-cruise... and can be added to the cruise experience for a small additional cost, (compared to the cost of the cruise travel alone)!

To learn more about the idea of combining a cruise with a tour or vacation, visit:

"INTRODUCTION TO CRUISING, TOURS, AND VACATION PACKAGES"

and... if you are wondering how you can possibly afford the additional cost to add a ground tour or extended vacation to your cruise... go to:

Another important piece of information about cruising...

High quality TRAVEL INSURANCE is a mandatory component of any cruise travel plan. Travel Insurance is not necessary just to protect your travel financial investment - but more importantly: To insure you personal well-being!

Cruise Line ticketing specifically removes all liability from the cruise line for your medical care... beyond providing the most basic first aid materials and limited staff to administer same. There is not a hospital, emergency room, or the trained certified doctor(s) or nurse(s) on-board ship to care for anything beyond basic first aid. In the event you or a member of your traveling party requires medical treatment for a more serious illness or injury... you have to be helo-evac'd off the cruise ship. Cruise ships do not change course or make special port calls for any medical reason - unless there is a mass number of on-board injuries - or a large outbreak of serious illness on-board ship!

The cost of being helo-evac'd off ship can be huge... easily running over 100 thousand dollars! The only reliable way to insure that you have the means to get off-ship in an emergency - is to have travel insurance for all members of your traveling party! Every year 100's of cruise travelers die or have serious medical complications on board cruise ships - simply because they do not have the financial means to pay for the cost of being extracted from their ship to a location which can provide the medical care they require! Do not become a statistic... learn more about travel insurance at:
